

L'ORÉAL INDIA

WHOM SO EVER IT MAY CONCERN

We carried out construction of Warehouse of 10,000 Sq meter with standard structure and roofing. The construction work was awarded to M/s. Ray Engineering Ltd Mumbai.

It was great achievement for L'Oreal to have 'No Loss Time Accident' till the completion of work. We really appreciated the efforts taken by Ray Engineering and piping and electrical contractors for their continuous support in maintaining high safety standard at project site and achieving no accident record. The safe man hours by Ray Engineering was around 1 million man hours.

For L'Oreal India Pvt Ltd
